Preventive Medicine Makes Sense...

Disability Income Protection Does Too!

Just as preventive medicine can help you avoid disasters to your health, Disability Income Protection can help you avoid financial disasters. A long-term disability, for example, without adequate insurance protection could mean weeks or even years without an income.

For this reason alone, you cannot afford to be without the proper protection.

That's why we have especially designed a Disability Income Protection Plan for younger doctors. A plan of protection to help make sure your family continues to live in the manner to which they are accustomed should you become

disabled and unable to practice medicine.

These benefits are paid directly to you to use as you see fit whether you are confined in a hospital or recovering at home. Furthermore, these benefits are tax free under present federal income tax laws.

If you are under 55 years of age, you are eligible to apply for this insurance. For further information regarding this plan, just contact the local Mutual of Omaha representative in your area and he'll make sure that you personally receive all of the details.

Of course, there is no obligation.

Committee and Commission Appointments 1975-1976

NOTE: The Committees listed herein have been authorized by President James E. Davis, M.D., and/or as required under the *Constitution and Bylaws*.

Particular note should be taken of the authorization of the HOUSE OF DELEGATES of a Commission form of organizational activity and that all Committees, excepting *COMMITTEE ON NOMINATIONS* and *MEDIATION COMMITTEE* are segregated under the respective Commission in which the function of the Committee logically rests. This will tend to eliminate overlapping and duplication in activity programs and result in coordination of the work of the Society in a manner to lessen the work of the delegates in the Annual Meeting of the HOUSE OF DELEGATES.

The President, Secretary and Executive Director of the Society are ex officio members of all Committees and, along with the Commission Chairman, should receive notice of meetings, agenda and minutes of committee meetings during the activity year.

Senior figures (e.g. 21) indicate the component County Society from which the member emanates, as in the Membership list of the ROSTER.)

Now you can prescribe something that tastes good.

New Life-Links.

Life-Links are composed of lean meat and less than 5% animal fat (no more than veal).

Yet dietary Life-Links taste like top quality hot dogs which contain 28 to 30 percent animal fat. Because we've replaced the fat with polyunsaturated vegetable oils.

Thereby making Life-Links an acceptable type of meat for use in dietary management of hyperlipoproteinemia Types II and IV.

For more information about new Life-Links write: Jerry Wood, President, Chatham Foods, Inc., P.O. Box 448, Siler City, North Carolina 27344.

Fifty Year Club

The House of Delegates of the North Carolina Medical Society in May of 1953, authorized the Executive Council of the Society to establish a special recognition for those physicians residing in the State of North Carolina who were members currently of the State Medical Society, who had established legal practice of medicine and who had actively practiced medicine during their life time for a period of fifty years.

Listed below in alphabetical order are the names and addresses of those physicians who resided in North Carolina and whom the North Carolina Medical Society has recognized as members of the FIFTY YEAR CLUB of the State Medical Society. This list will be added to from year to year and likewise subtracted from as losses to this club group are sustained and reckoned.

This listing for 1975 only may include Fifty Year Club members who have passed away since their recognition. The list for other years will include only those members surviving.

Fewer than 200 doctors can become Navy physicians this year.

Are you one of them?

If you're interested in a practice that combines high-quality medicine with a unique life-style, Navy medicine could be right for you. You'll get the

chance to practice medicine instead of paperwork. Practice almost anywhere

in the world. And earn between \$30,000 and \$40,000 a year.

Right now, the Navy needs General Medical officers, plus those specialties listed in the coupon. You may also receive training to become a Navy Flight Surgeon, or a specialist in Undersea Medicine.

But the number of doctors needed is limited. For more details, fill in and mail the coupon, or call collect **919-872-2005**, and ask for the Medical Recruiter, David L. Powell.

Think Inc.

To incorporate or not to incorporate? Maybe that's not the real question. After all, you've probably heard it's a nice opportunity. That is, you can take advantage of the liberal tax treatment available to corporations through qualified pension or profit sharing plans.

So perhaps the more significant question is where to go for assistance. Perhaps you should go right to the top.

New England Life writes more individual pension plans than the two next companies combined. In fact, we were helping physicians, attorneys, and accountants, to name three, solve complex financial problems long before the professional corporation came along. And our associates' experience in this field, together with their reputation among professionals, is a matter of record.

Furthermore, the plans they can offer you and your professional advisers are pre-approved by the IRS and afford the kind of flexibility necessary to develop a program to meet your needs exactly.

For instance, you have freedom in determining plans contributions or benefit levels. You can wait until retirement to pick your form of payment. And working with one of our associates, you can choose from a variety of vehicles to supplement your plan's objectives.

To incorporate or not to incorporate—think about it. And then if you do, think of us.

You can stop right now. We've created an educational benefit plan called "EDIT," which has proven very helpful in financing the college education of key employee's children.

How does it work? Corporate contributions are set aside to educate designated children of selected employees.
